### Meralco Advisory: Wholesale Electricity Spot Market (WESM) Charges and Portion of Generations Costs for June 2024 to be billed from June to September

Rates were expected to increase in June 2024 due to tight supply in Luzon, but Meralco collaborated with power generators to defer a portion of generation costs. ERC also directed distribution utilities to divide WESM charges into 4 equal parts to be billed from June to September. Around ₱0.77 per kWh will be added to the generation charges for July, August, and September.

Please be informed that MERALCO may conduct a routine maintenance/inspection of our customer metering facilities within your area this quarter.

### Payment Instruction

Please pay at any Meralco Business Center or through any accredited payment partner before the due date.
